設計師用橡膠筒編織在一起，讓松散的想象空間和時間不再受限制。創造了一個獨特的流動性和滲透的空間。客廳，用餐區和睡眠區。流動的光影，讓空間的每件用品都以自己的語言講述自己的故事。

The spirit of eclecticism, the pleasure of intermingling, the instinct to let loose one's imagination without limit of space and time. The various areas represented stand open onto one another, creating a uniquely fluid and permeable space: living-room area, an eating area and a sleeping area in which the new pieces blend into a spontaneous game of cross-reference and suggestion. Each piece-articles of furniture, sofas, armchairs, tables, chairs and mirrors-tells its own story in its own language. Their blending stimulates the beauty of counterpoint, of life itself superimposed over things.
